

## 2010 WESSEX LEAGUE C/L SPEED results for April

	Name	Model	Line length (feet)	Best 5 lap time	Speed in MPH	Points
1	Dick James	Hallam Speed	42	11.8	76.3	10
2	Chris Hague	Wessex Weasel	42	16.1	55.9	9
3	James Parry	Wessex Wombat	42	18.0	50.0	8
4	Adrian Sharp	Wessex Weasel	42	18.2	49.5	7

The first month of our new speed competition, run to a very simple 5 lap formula, produced four entrants who were able to submit their times. All used the 42 foot lines, and times were recorded at three different venues. Three pilots used a PAW 1.5cc diesel engine, whilst the winner by a country mile, used a well-developed Frog 150R. Congratulations to Dick James on a flying start to the competition. The Caulkheads from the Isle of Wight flew during April, but owing to a slight misunderstanding over the rules, quite correctly did not submit their times. So watch this space for the month of May, when it is confidently predicted that both speeds and the number of entrants will increase. Full details of this event and other Wessex League competitions are available on our very own website: [www.wessexaml.co.uk](http://www.wessexaml.co.uk)
