May was the second month of this competition and in direct contrast to last month the wind blew most days and it was difficult choosing a good day to fly. We still have Ken Taylor in the lead flying at 80 MPH and Dick James finishing second with a speed of 70MPH. However, Chris Hague managed a useful improvement this month to manage 69 MPH, to finish close behind Dick. The Isle of Wight Caulkheads, Den Saxcoburg and Andy Gilliam, sent in very close times to finish fourth and fifth. James flew in very difficult windy conditions to post one of his slowest times, but at least he flew - after all, this remarkably simple but deceptively challenging competition was his brainchild!
