4	James Parry	Wessex Wombat PAW 1.5	42	13.10	68.70	7

The third month gave limited opportunities to fly due to rain and wind, subsequently only four scores were entered. Ken Taylor and Dick James choosing the ideal time to fly, on a rare warm evening with no wind at all, remain at the top of the league. On the other hand Chris Hague and James Parry flew when it was cold and windy – in the middle of summer then! That's their excuse! July is a month to fly on your own patch.
