

2010 WESSEX LEAGUE C/L SPEED results for August

| | Name | Model | Line length (feet) | Best 5 lap time | Speed in MPH | Points |
|---|---------------|----------------------------------|--------------------|-----------------|--------------|--------|
| 1 | Den Saxcoburg | Wessex Wombat PAW 1.5 CT | 42 | 13.8 | 65.2 | 10 |
| 2 | Chris Hague | Wessex Mini Weasel PAW 1.5 CT | 42 | 13.9 | 64.6 | 9 |
| 3 | Adrian Sharp | Wessex Mini Weasel PAW 1.5 CT | 42 | 14.6 | 61.6 | 8 |

Another month of our new speed competition, run to a very simple 5 lap formula and three pilots were able to submit their times. All used the 42 foot lines and the PAW 1.5cc diesel engine. The Wessex Mini Weasel is proving harder to launch but a little faster in flight than the Wessex Weasel. James Parry had a little trouble starting his PAW powered Wessex Wombat and in view of the strong winds did not record a time. Congratulations to Den Saxcoburg who achieved his narrow win by persevering in very windy conditions at Middle Wallop and of course by continued experimentation with different propellers.
