6	John Taylor	562	0	Yellfin 2.3m	20

This was the fifth month of this competition and we had no less than seven 10 minute maximums from a total of 15 flights. Would you believe that Mr consistency, Malcolm, has placed fifth **again** and hence scored 21 points each month so far. Is it possible that Malcolm could finish with the same number of points every month? There's a challenge Malcolm with only one month to go!

On Sunday 17 September we have the final Round Robin event at Cashmoor, this will be Round 5 of the series. The end of season awards/pub grub event has been moved back a week to Sunday 5 November.

Monthly totals for 2017
